

Index to Cecidology Up to Vol. 31 (2016)

This index has been based on the contents of the papers rather than on their actual titles in order to facilitate the finding of papers on particular subjects.

The figures following each entry are the year of publication, the volume and, in brackets, the number of the relevant issue.

- Aberbargoed Grasslands: report of 2011 field meeting 2012 27 (1)
Aberrant Plantains 99 14(2)
Acacia species galled by Fungi in India 2014 29(2)
Acer gall mites (with illustrations) 2013 28(1)
Acer galls: felt galls re-visited 2005 20(2)
 Acer saccharinum – possibly galled by *Dasineura aceris* new to Britain 2017 32(1)
Acer seed midge 2009 24(1)
Aceria anceps new to Ireland 2005 20 (1)
Aceria geranii from North Wales 1999 14(2)
Aceria heteronyx galling twigs of Norway Maple 2014 29(1)
Aceria ilicis (gall mite) galling holm oak flowers in Brittany 1997 12(1)
 In Ireland 2010 25(1)
Aceria mites on sycamore 2005 20(2)
Aceria populi galling aspen in Scotland 2000 15(2)
Aceria pterocaryae new to the British mite fauna 2008 23(2)
Aceria rhodiolae galling roseroot 2013 28(1): 2016 31(1)
Aceria rhodiolae in West Sutherland 2014 29(1)
Aceria tristriata on Walnut 2007 22(2)
Acericeis campestre sp. nov. on Field Maple 2004 19(2)
Achillea ptarmica (sneezewort) galled by *Macrosiphoniella millefolii* 1993 8(2)
Acorn galls on red oak 2014 29(1)
Acorn stalks: peculiar elongation 2002 17(2)
Aculops fuchsiae – a fuchsia-galling mite new to Britain 2008 23 (1)
Aculus magnirostris new to Ireland 2005 20 (1)
Acumyia acericola – the *Acer* seed midge 2009 24(1)
Adelges galls on Spruce 2014 29(1)
African Nematode Gall (*Subanguina guizotiae*) on the Isle of Wight 2014 29(1)
Agapanthus – a new gall midge 2016 31 (1)
Agathomyia wankoniczi (Diptera: Platypezidae) galling fungi 1991 6(2): 1994 9(1): 2014 29(1)
Agrobacterium tumefaciens: gall induction & host-range 1988 3(2)
Alder galled by *Taphrina amentorum* 1999 14(2), 2001 16(1)
Alders galled by *Taphrina alni* 2010 25(1)
Aleppo Galls & Ink 1992 7(1)
Algae as gall-causers: at least 6 British species of marine algae cause galls on other seaweeds 1993 8(2)
Algae: a checklist of galls on these organisms 2009 24(2)
Algae galled by crustaceans 1994 9(1)
Algae: a possible fungus gall on *Vaucheria* 2006 21(2)
Amorphora rubi on bramble 1999 14 (1)
Andricus aestivalis (the sexual generation of *A. lucidus*) established in Britain 2002 17(1)
Andricus ambiguus in Britain (not *A. corruptrix*) 2001 16 (1)
Andricus ambiguus - the *ambiguus/corruptrix* controversy continues 2002 17(1)
Andricus aries: New to Britain? 1999 14 (1)
 in North Essex 2002 17(2)
 in Shropshire 2010 25(1)
 in The Netherlands 2004 19 (1)
 recent range expansion in Continental Europe 2001 16(2)
 sexual generation occurs on Turkey oak 2001 16(2)
 spreading around London 2000 15(2)

Andricus corruptrix on the increase 1997 12(1)
in Norfolk 1999 14 (1)
in the West Midlands 1998 13 (2)
it's not *Andricus corruptrix* after all 2001 16 (1)
rare or merely rarely seen? 1992 7(1)
sticking up for *Andricus corruptrix* - the
corruptrix/ ambiguus controversy continues 2002 17(1)

Andricus cryptobius possibly new to Britain 2015 30 (2)

Andricus curvator on the increase 1998 13(2)

Andricus curvator: some unusual examples 2004 19 (1)

Adricus gemmeus new to Britain 2009 24(1)

Andricus gemmeus – an up-date 2011 26(1)

Andricus glandulae (at Leicester) 2011 26(1)

Andricus grossulariae agamic gall picture 2003 18 (2)
reaches Suffolk 2005 20(2)
a form new to UK (agamic galls on catkins) 2008 23(2)
Galling *Quercus castaneifolia* and *Q. suber* 2013 28(2)
Inquilines and Parasitoids 2011 26(1)
Population fluctuations in Norfolk 2011 26(1); 2014 29(1)

Andricus kollari: Breeding the Sexual & Asexual Generations 1987 2(1)
gall distinguished from that of *A. lignicola* 2001 16(2)
galls attacked by aphids 1995 10(2)
galls & their occupants - inquilines and parasites 1998 13 (2)
prolongation of the agamic stage in NE Scotland 1995 10(1)
Mini-marbles 2003 18 (1) 2003 18 (2)

Andricus kollari-lignicola-corruptrix - Species or Races? 1987 2(2)

Andricus lignicola: Breeding the Sexual & Asexual Generations 1987 2(1)
gall distinguished from that of *A. kollari* 2001 16(2)

Andricus lucidus (Hartig) confirmed in Britain, with a list of recorded inquilines & parasitoids
1992 7(1)
on Hampstead Heath 2000 15(2)
in Regent's Park 2001 16 (1)

Andricus mayri (the asexual generation of *A. grossulariae*) established in Britain 2002 17(1)

Andricus quercuscalicis parasitoids of the sexual & parthenogenetic generations 1988 3(1)
in The Netherlands & Belgium 1995 10(1)
Inquilines and parasitoids in Northumberland 2005 20 (1); 2006 21 (1)
Pammene fasciana (Lep. Tortricidae) as an inquiline in agamic galls 2001 16(2)
Parasitoids recorded from the knopper galls of *A. quercuscalicis* 2003 18 (2)

Andricus seminationis at Leicester 2011 26(1)

Andricus sieboldi life cycle 2015 30(1)

Andricus spp: their effect on structure & longevity of oak catkins 1997 12(1)

Andricus spp: identification of sexual generation galls on Turkey oak 2000 15(2)

Andricus spp invading Britain - a call for data 2001 16 (1)

Angelica galled by the aphid *Cavariella konoii* 1994 9(1)

Antirrhinum: the effect of its rust gall (*Puccinia antirrhini*) on cultivation 1993 8(1)

Aphelonyx cerricola : one of our newcomers 2005 20(2)
parasitoids reared from its galls 2002 17(2)

Aphid Galls: & hover-flies 1987 2(2): 1989 4(1)
Checklist of aphids causing galls in Britain 2004 19(2)
& ladybirds 1987 2(1)

Aphid Galls in Ireland 1997 12(1)
natural history & what makes them attractive for study? 1996 11(1)
on Lombardy poplar 1997 12(2)
induced by *Tetraneura* species in Britain and France 2003 18(1)
on Walnut 1998 13(2)
with reference to the problems of definition 1994 9(2)

Aphid galls of Currants 2013 28(2)

Aphids & their Galls: a general introduction 1994 9(1)

Aphids feeding on galls of *Andricus kollari* 1995 10(2)

Aphids on aspen leaves 2002 17(2)

Aphids associated with the galls of other insects 2008 23 (1)
 Aquilegia Flower Bud Gall Midge 2011 26(1)
Argyresthia retinella (Lepidoptera: Yponomeutidae): a gall-causer on birch 1992 7(2)
Artacris macrorhynchus galls on a horticultural form, 'Brilliantissimum', of sycamore 1995 10(1)
 the distribution of galls on sycamore leaves 1995 10(1)
Arthrocnodax species (Cecidomyiidae) As Predators in Galls of Eriophyid Mites 2014 29(2)
 Ascidia on *Philadelphus* 1995 10(1)
 Ash: an unusual root growth 1988 3(2)
 domatia for mites? 1994 9(2)
 As Others See Us 2016 31(1)
 Aspen galled by *Aceria populi* in Scotland 2000 15(2)
 Aspen leaves galled by the aphid *Chaitophorus tremulae* 2002 17(2)
Asphondylia pilosa (Cecidomyiidae) on broom (*Cytisus scoparius*) in Europe and N. America
 2002 17(2)
Aulacidea follioti (Cynipidae) new to Britain 1994 9(2): 1999 14 (1)

Bacteria altering reproduction in Gall Wasps 2000 15(1)
 Bagnall, Richard Siddoway (1884-1962): his contribution to Cecidology 1993 8(2)
Baizongia pistaciae & other galls in Southern France 1990 5(2)

 Sandall Beat Wood 1997 12(2)
 Yorkshire: first record of *Urophora cardui* 2007 22 (1)
 Records Data Manager: Report for 2007 2007 22(2)
 Red Barnacle Gall of Oak 2015 30(1)
 Red Oak – a non-identified gall causer 2012 27(2)
 Regional Gall Lists 2016 31 (2)
 Regional differences between gall populations: A Walk Amongst Gene Pools 1995 10(1)
Rhinocyllus conicus (weevil) galling spear thistle 2012 27(2)
Rhopalomyia millefolii and related galls 2008 23 (1)
 Robin's Pincushion Gall: notes on fluctuations in abundance 1994 9(1)
 project started by Insect and Invertebrate Group 2001 16(2)
 Robin's Pincushion Bonanza 2016 31(1)
Rosa pimpinellifolia – an internal rust gall 2008 23 (1)
 Roseroot galled by *Aceria rhodiolae* 2016 31(1)
 Rotifer (*Proales werneckii*) causing galls on algae 2001 16(2)
 Rust Fungi Potential for Biological Control of Hawkweed 1986 1(1)
 Rust Fungi causing galls – some rare species 2011 26(1)
 Rust Gall of Hollyhock 1992 7(2)

Salix: a list of *Salix* species & their associated *Pontania* species in Britain 1991 6(2)
 keys to *Phyllocolpa* galls 1994 9(1)
 keys to *Pontania* galls, with a list of host plants 1992 7(2)
Salix & *Pontania*: some thoughts on identification problems 1993 8(1); 2009 24(2)
 Sawflies of the *Pontania pedunculii* group 1998 13 (1)
 Scanning Galls produces quick and detailed images for permanent records 2005 20(2)
 Schizocarpic Fruits in Sycamore 1990 5(1)
Schizomyia galiorum (Cecidomyiidae) on bedstraws in Cornwall 2012 27 (1)
Schlectendalia chinensis (Chinese gallnuts) 2016 31 (2)
 Scotland: The BPGS visit of 2007 2007 22(2)
 Sea Firs (Hydrozoa) galled by larval sea spiders 1998 13 (1)
 Sea Spiders (Pycnogonida) galling sea firs 1998 13 (1)
 Seaweeds galled by crustaceans 1994 9(1)
Semudobia galls on Birch: a method of assessment 1991 6(2)
Semudobia galls – a new project for the Invertebrate Group 2011 26(2); 2012 27 (1); 2013 28(1)
Semudobia galls on *B. pendula*, *B. pubescens* and their hybrids in Scotland 2000 15(2)
Semudobia tarda galls – their aerodynamics: why are they wingless? 2014 29(1)
Sibinia primita galls on *Sagina* 2005 20 (1)
 Site Similarity Matrices as Devices for Investigating Gall Ecology 1989 4(1)
 Slide Collection of BPGS 2004 19 (1)
 Sloes: galled by the fungus *Taphrina pruni* 1993 8(2); 1994 9(1); 2000 15(2); 2002 17(2)
 Smooth Spangle Gall: an undescribed form (*borealis*) of the gall in Scotland 1997 12(2)
 Smuts: Sweet Corn Smut (*Ustilago maydis*) 1993 8(1); 1993 8(2); 1995 10(2)
 Snowberry: an unknown gall 1993 8(1)
Sorbus species galled by mites (Eriophyidae) 1989 4(2)
Sorosphaera veronicae galling germander speedwell 2000 15(1)
Sorosphaera veronicae in London 2000 15(1)
 Sowthistles galled by the aphid *Hyperomyzus lactucae* 1994 9(2)
 Spangle Galls: attacked by *Xenodiplosis laeviusculi* (Cecidomyiidae) 1997 12(1)
 in Norfolk 1997 12(1); 1998 13(2)
 is the bisexual generation necessary? 1992 7(2)
 smooth spangle: an undescribed form (*borealis*) of
 the gall in Scotland 1997 12(2)
 their role in the energetics of *Quercus* species 1988 3(1)
 Spruce galls of *Adelges* aphids 2014 29(1)
Stefaniella (Cecidomyiidae) Galling *Atriplex* species in Britain 2003 18(1)
Stefaniella Galls: new records on *Atriplex* in Thames Estuary 2005 20 (1)

Stenopteron scutellare (weevil) on gorse 2013 28(1)
Subanguina graminophila (nematode) on common bent grass 2007 22 (1)
 Successori of Galls in Kent 2003 18(1)
 Swanton: E. W. Swanton's gall collection 2006 21 (1)
 Sycamore: mite galls 2005 20(2)
 schizocarpic fruits 1990 5(1)
 the distribution of mite galls on the leaves 1995 10(1): 2005 20(2)
 erineum in the vein angles 2000 15(1)
Symphoricarpos (snowberry): an unknown gall 1993 8(1)
 Symposia
 The Biology of Gall-Inducing Arthropods: 3rd International Symposium, Stellenbosch, January 2002: a report and list of papers presented. 2002 17(2)
 International Union of Forest Research Organisations, Siberia 1993: list of papers read 1994 9(1)
 Plant Galls: Organisms, Interactions & Populations (BPGS & Systematics Association 1992) 1992 7(2)
Synergus species with an apparent cecidogenic effect 1995 10(2)
Synergus gallaeopomiformis - an inquiline in *Andricus solitarius* galls 2001 16(2)
Synophrus politus Parasitoids reared from its galls 2002 17(2)

Tapbrina alni on grey alder 2010 25(1)
Tapbrina amentorum galling alder catkins 1999 14(2)
Tapbrina amentorum Tissues of origin of the galls 2001 16 (1)
 in Cornwall 2000 15(2)
 in Ireland 2000 15(1)
 in Northumberland 2000 15(1)
Tapbrina caerulescens on *Quercus ilex* 2009 24(1)
 on red oaks in SE England 2003 18(1)
Tapbrina padi galling bird cherry in Scotland 1995 10(2)
Tapbrina padi in Suffolk 2002 17(2)
Tapbrina pruni galling sloes (blackthorn) 1993 8(2): 1994 9(1): 2001 16 (1): 2002 17(2)
Tapbrina pruni in Yorkshire 2000 15(2)
Taxomyia taxi - a new publication 2005 20 (1)
